## NEW DESIGN FOR TASSIMO

The new Bosch Tassimo T55 coffee maker really puts the froth on your favourite beverage!

The stylish new model has both a fabulous new look and provides the delicious flavour expected from the highly-acclaimed Tassimo!

And that's not all: the Tassimo T55's fully automatic, one-button operation offers low energy consumption, high-quality Brita water filtration for better flavour and longer machine life, a huge variety of available drinks, Tassimo's intelligent T-DISC technology and a premium brew head that brings out intense flavour and aroma.

And all this comes from a machine that is pure simplicity to operate: insert your favourite T-DISC drink, press the button and enjoy the result!

The intelligent T-DISC barcode system tells the T55 the precise amount and temperature of water to use and each drink's ideal brewing time, to ensure each cup is perfect. All the user has to do is choose a favourite strength setting. Everything else is automatic: three status lights indicate the main brewing processes.

The new-look Tassimo T55's will enhance any kitchen, with an elegant, premium-finish, piano-black glossy look and large areas of chrome. As usual there is a large water tank (1.4litre) and variable-height cup tray.

The Tassimo T55 is available now.

### EDITORS' NOTE:
